

FARWESTERN UNIVERSITY
FACULTY OF ENGINEERING
MASTER OF SCIENCE DEGREE IN CONSTRUCTION PROJECT MANAGEMENT

Course Title: **Thesis**
Course Code: CPM 741
Year/Semester: II/IV
Credits: 12
Evaluation:

	Thesis Work	Practical	Total
Internal	40	-	40
Final	60	-	60
Total	100	-	100

Course Descriptions and Objectives:

Students will undertake a supervised thesis which will be assessed by the both internal examiner and external jury. The thesis must relate to the subject matter and be agreed by the Faculty of Engineering. It essentially aims to demonstrate the students' ability and development to pursue analytical investigations on the different aspects of construction project management. The students must follow the thesis guidelines and regulations prepared by the Faculty of Engineering. Students are required to give an oral presentation on the findings of their research in the form of a seminar at a time agreed by the Faculty of Engineering prior to the submission of the final thesis. Failure to satisfy the examiners in the dissertation milestones specified by the Faculty of Engineering shall be considered as unsatisfactory performance, and also failure in the oral presentation may lead to a failure in the dissertation as a whole. So, the regular consultation with the supervisors needs to be taken by the students to update their progress in thesis work. Students must complete all the courses including thesis within a period of 4 academic years. The guidelines for preparing thesis project will be provided by the Faculty of Engineering.
